NORTHWEST FOURSLIDE Breaks Ground on New Facility

**Lewiston, ID** (July 20, 2023) – Northwest Fourslide, a leading provider of thin-gauge metal stamping and wire forms, today broke ground on a new facility at the Port of Lewiston, located adjacent to the Clearwater River. The new facility will allow Northwest Fourslide to expand its operations and meet the growing demand for its products through the efficiencies of a new state of the art production facility.

“We are excited to have Northwest Fourslide break ground for their facility in the city of Lewiston,” said Dan Johnson, Mayor of Lewiston, "Northwest Fourslide's new facility will employ over 40 talented people and will be a welcomed new business to the region." Further, "their investment in a new facility and commitment to growing their business in the city of Lewiston is commendable."

The new facility will be located on a 6-acre site at the Port of Lewiston. The 43,000-square-foot facility, as well as office space at an investment of approximately \$11 million, with machinery and equipment totaling another \$2.5 million. The facility is expected to be completed in 2024.

“We are grateful for the support of Valley Vision, Inc., the Port of Lewiston, City of Lewiston, Nez Perce County, and the State of Idaho” said Matt Mellinger, Director Northwest Fourslide. “This expansion will allow us to continue to provide our customers with the high-quality products and services they have come to expect from us.”

Northwest Fourslide has been in business for over 40 years. The company specializes in thin-gauge metal stamping and wire forms for a variety of industries, including aerospace, defense, medical, electronics, power, commercial, and automotive.

The event was a celebration of Northwest Fourslide’s growth and commitment to the region.
